1909.

ANNUAL REPORT
OF THE
AUDITOR OF THE STATE

FOR THE
FISCAL YEAR ENDING NOVEMBER 30, 1908.

DEPARTMENT OF THE STATE AUDITOR,
RALEIGH, N. C., December 15, 1908.

To His Excellency, ROBERT B. GLENN,
Governor of North Carolina.

SIR:—In obedience to law, I have the honor to present the Annual Report of the Auditor's Department for the fiscal year ending November 30, 1908.

GENERAL FUND.

The receipts from all sources during the year for the

General Fund have been.....\$2,866,439.62
Balance on hand December 1, 1907..... 219,647.70

330 shares Elkin and Alleghany Railroad.....	33,000.00
Junaluska Turnpike	710.00
<hr/>	
Total investments	\$4,403,610.00

The operation of the Revenue Act of our State cannot be equitable or just, in the absence of some sort of general supervision. There must be a general basis of assessing property for taxation. For instance, in one county there is a basis of assessment which may produce an equitable value throughout that county. In another county, however, there is property of like value, but the basis of assessment may be entirely different. The result is to list property in one county at 50 per cent. of its value, or frequently at a less per cent., while in the other the property is listed for taxation at 75 per cent., or even at its full commercial value; so that one man pays double the amount upon his property that the other man pays upon property of equal value. This is manifestly unjust, and should be remedied.

I have called the attention of preceding Legislatures to this great need in our revenue laws, and the Legislature of 1907 passed an act creating a board of equalization for the State, consisting of the Governor, Lieutenant-Governor, Secretary of State, Auditor, Treasurer

and Chairman of the Corporation Commission. This board met and organized, but found, after a full investigation, that nothing could be done in the way of equalizing taxes, for the reason that the board was only allowed under the act a period of one month to perform the work.

I respectfully recommend that one man in each county be appointed by the Governor of the State, whose duty it shall be to assess all real estate in said county at its actual value in money; that the State be divided into tax districts corresponding to the present judicial districts, and, after each assessor in his respective county shall have completed his work, then the several assessors of the districts shall meet and compare and equalize values, and their assessment shall then be forwarded to the State Board for final adjustment. Of course, this is merely suggestive, and is intended only to block out the way for much-needed legislation on this subject. If the property in North Carolina was put upon the tax books at its cash value we could cut our rate of taxation one-half, and the State would then get credit for the property she actually has within her borders, and also get credit for a low rate of taxation. Aside from all this, the State has no right, if it can possibly be avoided, to put unequal burdens upon its citizenship.

SOLDIERS' HOME.

The State Auditor is *ex officio* secretary of the Soldiers' Home, and I beg to submit the following as the report of the Soldiers' Home from November 30, 1907, to December 1, 1908:

The number of inmates November 30, 1907, was.....	128
Received during the year.....	37
Died	29
Discharged	2
	<hr/>
	196
Total number cared for during the year.....	196
Number now on rolls.....	134

New roofs have been put upon several of the cottages and a new dining room and kitchen added to the hospital, together with rooms for nurses.

The \$15,000 annual appropriation has hardly been sufficient, on account of the increased cost of living, and we will have to ask the Legislature for a small increase in the appropriation, or we will have to decrease the number of inmates. From thirty to forty of these old men are daily in the hospital or under treatment, and as they get older,

of course, this number will increase, and the cost of maintenance will also be greater.

The health of the superintendent has not been good for the past eight or ten months, and consequently the burden of managing the Home has been shifted to some extent upon other shoulders. The discipline of the Home, however, has been admirably sustained, and the old soldiers have been well cared for in every particular.

PENSIONS.

The pension roll for 1907 showed the total number of pensioners to be 15,041, classified as follows:

First Class received each	\$72.00
Second Class received each.....	60.00
Third Class received each.....	48.00
Fourth Class received each.....	25.00
Widows	25.00

The total amount appropriated for general pensions is \$400,000.

The number of special pensioners was 86, each receiving \$120, making a total of \$10,320.

The pension roll for 1908 shows the total number of pensioners to be 15,579.

The amounts paid to the various classes are just the same as in 1907.

The number of special pensioners is 104, each receiving \$120, making a total of \$12,420.

The clerical force of this department has labored in season and out of season, and there has been nothing to mar the harmony of a perfect organization. While the force in this office has not been increased for the last ten years, yet the work done is at least three times as great. I desire, therefore, to take this opportunity to acknowledge the obligations I owe them in keeping the department in first-class condition and up to date in every particular.

I take very great pleasure in acknowledging the many courtesies you have shown this department during your term of office, and in expressing my obligations for valuable advice, always so cheerfully given.

Very respectfully,

B. F. Dixon.

Auditor.
